

The Phoenix Reintegration Project
1st Annual Community Summer Block Party August 25th, 2018
A Day of Unity for Prince George's County Residents

PRINCE GEORGE'S COUNTY- (July 20th, 2018)- The Phoenix Reintegration Project, a community-based nonprofit that provides training and educational opportunities to recently incarcerated individuals, is hosting its 1st annual Community Summer Block Party on August 25th, 2018 at 4518 Beech Road, Temple Hills, MD 20748.

The Block Party will run from 11am-5pm and will bring together county residents of all ages to enjoy food, shopping, and music spun by D.C native, DJ Nonchalant. Other activities include live musical performances by the R&B/funk band Sugar Bear & EU, kid-friendly games, and the chance to win cash or prizes in the Block Party raffle. Representatives from local restaurants will fire up their grills, cooking up plenty of crowd-pleasing summer favorites like burgers, hot dogs, and ribs.

Vendors from around the county are invited to rent a table and showcase their products, including art, clothing, housewares, jewelry, toys, and more! A 6ft table and two chairs can be rented for a \$75 flat fee. Tents are not provided, but vendors are free to bring their own 10x10 tent.

All proceeds from the 1st annual Community Summer Block Party will support programming that benefits returning citizens and their families. Join us in our efforts to provide the support, motivation, and encouragement needed to help every returning citizen reach his or her potential.

If you are interested in becoming a vendor or to learn more about the Phoenix Reintegration Project, please email: info@ThePhoenix-Project.com.

About the Phoenix Reintegration Project

The Phoenix Reintegration Project (PRP) is a 501(c)3 organization based in Prince George's County that connects returning citizens to immediate employment, job training, and support networks that ease their return to the community. We offer wrap around services that address all aspects of reintegration, including raising employability, building healthy families and relationships, and reconnecting with the wider community in a positive way.
